ENGINEERED ADRENALINE

FOR YOUR VW JETTA MKV

A true cold air intake that draws air from lower grille for a colder, denser intake charge.

Tuned intake tube engineered for maximum flow, performance and style.

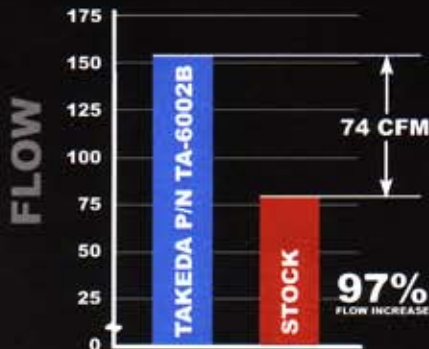

Wrinkle black aluminum intake tube for a clean, stealth appearance.

Pro Dry S air filter for maximum protection and convenience. No oils required for cleaning. A Synthetic pre-filter that prevents water and mud from saturating your filter is also included.
