ENGINEERED ADRENALINE

FOR YOUR 2010 MAZDA3

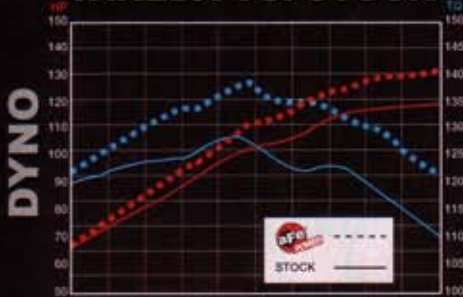

A true cold air intake designed to draw air from lower grille for a colder, denser intake charge.

Wrinkle black aluminum intake tube for a clean, stealth appearance. A polished clear coat anodized intake also available.

Tuned intake tube engineered for maximum flow, performance and style.

Pro Dry S air filter for maximum protection and convenience. No oils required for cleaning. A synthetic pre-filter that prevents water and mud from saturating your filter is also included.

TAKEDA VS. STOCK
